Subject : Verizon Partner Solutions Industry Letter: Brickell Road VA 5ESS Switch Retirement

PLEASE NOTE:

All references to the Brickell Road VA 5ESS switch are associated with CLLI code NRFLVABLDS0 and will not be repeated throughout this letter. All references to the Chinese Corner VA CS2K switch are associated with CLLI code VRBHVACCPS0 and will not be repeated throughout this letter.

As set out in the Verizon Virginia LLC Short Term Public Notice Under Rule 51.333(a), dated July 16, 2026, on or after August 28, 2026, the Brickell Road VA 5ESS switch will be retired and removed from the Verizon network.

General Information: The Brickell Road VA 5ESS switch will be replaced by the Chinese Corner VA CS2K switch. See details in Table A.

Table A

Description	From	To
Office Name	Brickell Road	Chinese Corner
CLLI Code	NRFLVABLDS0	VRBHVACCPS0
Switch Type	5ESS	CS2K
Location	5600 Brickell Road Norfolk, VA 23502	221 Dorset Avenue Virginia Beach, VA 23462
Point Code	246 194 219	246 194 249
NXX Type	EOC	EOC
OCN	9213	9213
Rate Center LATA	252	252
Rate Center	Brickell Road	Chinese Corner
State	VA	VA

The Exchange Codes (NXXs) in Numbering Plan Area (NPA) 757 currently residing in the Brickell Road VA 5ESS switch will be rehomed upon decommissioning of the switch and reflected in the Local Exchange Routing Guide (LERG) on or after August 28, 2026. See details in Table B.

Table B

NPA	NXX	TYPE	RATECENTER
757	455	EOC	Brickell Road
757	459	EOC	Brickell Road
757	461	EOC	Brickell Road
757	466	EOC	Brickell Road
757	892	EOC	Brickell Road
757	893	EOC	Brickell Road

Network Changes and Trunk Rearrangements:

The Chinese Corner VA CS2K switch will be the recipient office of traffic migrated from the Brickell Road VA 5ESS switch. Traffic to be migrated to the Chinese Corner VA CS2K switch includes all of the traffic currently handled by the Brickell Road VA 5ESS switch including, but not limited to, Inter-LATA access traffic (including Feature Group B and D traffic), and Intra-LATA and local traffic (including CLEC, IEC, wireless and Verizon sector end office switched traffic). After all traffic is migrated off of the Virginia Beach VA 5ESS switch, this switch will be retired and removed from the network.

CLECs, IXCs, IECs, ILEC, wireless carriers and paging carriers will need to provision new trunk groups built to the Chinese Corner VA CS2K switch or have existing trunk groups to that switch augmented if necessary. Carriers that have direct end office trunks (DEOT) with access connectivity in the Brickell Road VA 5ESS switch will be required to reposition the codes to the Chinese Corner VA CS2K switch.

All ASRs for the Camden NJ CS2K switch must be received no later than **August 10, 2026**, to provide sufficient time to migrate the traffic described above. All traffic must be moved on or after **August 28, 2026**, based on LERG change notification

Upon decommissioning of the **Brickell Road VA 5ESS** switch, the six (6) native codes (NPA NXXs) that currently reside in

the **Brickell Road VA 5ESS** switch will reflect the Chinese Corner VA CS2K switch in the LERG.

Submission of disconnect ASRs to Verizon for the Brickell Road VA 5ESS switch are required immediately after the re-homing of traffic is complete.

Please adhere to industry standards using normal procedures that pertain to updates and changes to the LERG for all NXXs subject to the retirement of the Brickell Road VA 5ESS switch.

For inquiries related to the proposed network reconfiguration, or to arrange a meeting with Verizon Network Engineering and Planning personnel, please contact your Verizon Account Manager.

We look forward to working with your team to enable uninterrupted service during the network redesign and transitioning of your traffic.
