Michael Childs
Associate Director
Verizon Network Engineering
5055 North Point Pkwy.
Alpharetta, GA 30022
469-497-4466

Implementation Date: On or after October 1, 2025

Planned Network Change(s) will occur at the following locations in New York:

Verizon Central Office	Address	CLLI
Port Jefferson NY DMS Switch	30 Sheep Pasture Road Port Jefferson, NY 11777	PJSTNYPJDS0
Deerpark NY CS2k Switch	85 W. 2nd Street Deer Park, NY 11729	DRPKNYDPPS0

This notice may also be viewed at <http://www.verizon.com/about/terms-conditions/network-disclosures>

PLEASE NOTE:

- All references to the Port Jefferson NY DMS switch are associated with CLI code PJSTNYPJDS0 and will not be repeated throughout this notice.
- All references to the Deerpark NY CS2k switch are associated with CLI code DRPKNYDPPS0 and will not be repeated throughout this notice.

Description of the Planned Network Change(s):

The Verizon Port Jefferson NY DMS switch, located at 30 Sheep Pasture Road, Port Jefferson, NY 11777, will be retired and removed from the network after all traffic served by this switch is migrated to the Verizon Deerpark NY CS2k switch, located at 85 W. 2nd Street, Deer Park, NY 11729. All traffic to be migrated includes, but is not limited to, Inter-LATA (ACCESS/FG-B-D/CLEC/IXC), wireless, and paging traffic.

Description of Reasonably Foreseeable Impact(s) of the Planned Change(s):

Competitive local exchange carriers (CLECs), interexchange carriers (IXCs, IECs), wireless carriers, and paging carriers will need to secure new trunk groups built to the Deerpark NY CS2k switch or have existing trunk groups to that switch augmented. Carriers that are code holders for access connectivity in the Port Jefferson NY DMS switch will be required to reposition the codes to the Deerpark NY CS2k switch.

All ASRs for the Deerpark NY CS2k switch must be received no later than August 1, 2025, provide sufficient time to migrate the traffic described above. These direct end office trunk (DEOT) interconnections will support traffic migration for the Port Jefferson NY DMS switch prior to its eventual decommissioning. Local Exchange Routing Guide (LERG) change effective dates will be posted prior to decommissioning of the Port Jefferson NY DMS switch (**on or after October 1, 2025**). This will serve to guide interconnect re-routes of traffic for the six (6) native codes currently served by the Port Jefferson NY DMS switch to reflect the Deerpark NY CS2k switch as the new home switch.
