

SHORT TERM PUBLIC NOTICE UNDER RULE 51.333(a)

June 3, 2026

Carrier: Verizon New Jersey Inc., One Verizon Way, Basking Ridge, NJ 07920 **Contact:** For additional information on these planned network changes, please contact:

Lisa Thompson

Global Data Network Engineering

Verizon Wireline Network Operations

13100 Columbia Pike, Floor 5 Room 505

Silver Spring, MD 20904

410-375-9777

Michael Childs

Associate Director

Verizon Network Engineering

5055 North Point Pkwy.

Alpharetta, GA 30022

469-497-4466

Implementation Date: On or after July 29, 2026

Planned Network Change(s) will occur at the following locations in New Jersey:

Verizon Central Office	Address	CLLI
South Amboy NJ 5ESS Switch	934 US Highway 9 Sayreville, NJ 08879	SYRVNJSADS5
New Brunswick NJ C20 Switch	18 Paterson Street New Brunswick NJ 08901	NBWKNJNBPS2

This notice may also be viewed at

<http://www.verizon.com/about/terms-conditions/network-disclosures>

PLEASE NOTE:

All references to the South Amboy NJ 5ESS switch are associated with CLLI code SYRVNJSADS5 and will not be repeated throughout this notice.

All references to the New Brunswick NJ C20 switch are associated with CLLI code NBWKNJNBPS2 and will not be repeated throughout this notice.

Description of the Planned Network Change(s):

The Verizon South Amboy NJ 5ESS switch, located at 934 US Highway 9, South Amboy, NJ 08879, will be retired and removed from the network after all traffic served by this switch is migrated to the Verizon New Brunswick NJ C20, switch located at 18 Paterson Street, New Brunswick, NJ 08901. All traffic to be migrated includes, but is not limited to, Inter-LATA (ACCESS/FG-B-D/CLEC/IXC), wireless, and paging traffic.

Description of Reasonably Foreseeable Impact(s) of the Planned Change(s): Competitive local exchange carriers (CLECs), interexchange carriers (IXCs, IECs), wireless carriers, and paging carriers will need to secure new trunk groups built to the New Brunswick NJ C20 switch or have existing trunk groups to that switch augmented. Carriers that are code holders for access connectivity in the South Amboy NJ 5ESS switch will be required to reposition the codes to the New Brunswick NJ C20 switch.

All ASRs for the New Brunswick NJ C20 switch must be received no later than July 6, 2026, to provide sufficient time to migrate the traffic described above. These direct end office trunk (DEOT) interconnections will support traffic migration for the South Amboy NJ 5ESS switch prior to its eventual decommissioning. Local Exchange Routing Guide (LERG) change effective dates will be posted prior to decommissioning of the South Amboy NJ 5ESS switch (**on or after July 29, 2026**). This will serve to guide interconnect re-routes of traffic for the five (5) native codes currently served by the South Amboy NJ 5ESS switch to reflect the New Brunswick NJ C20 switch as the new home switch.
