

**SHORT TERM PUBLIC NOTICE UNDER RULE 51.333(a)**

June 3, 2026

**Carrier:** Verizon Pennsylvania LLC, 900 Race Street, Philadelphia, PA 19107 **Contact:** For additional information on these planned network changes, please contact:

Lisa Thompson

Global Data Network Engineering

Verizon Wireline Network Operations

13100 Columbia Pike, Floor 5 Room 505

Silver Spring, MD 20904

410-375-9777

Michael Childs

Associate Director

Verizon Network Engineering

5055 North Point Pkwy.

Alpharetta, GA 30022

469-497-4466

**Implementation Date:** On or after July 29, 2026

**Planned Network Change(s) will occur at the following locations in Pennsylvania:**

<b>Verizon Central Office</b>	<b>Address</b>	<b>CLLI</b>
Glenshaw PA 5ESS Switch	1003 Charles Street Glenshaw, PA 15116	<b>GLNSPAGLDS0</b>
Oakland PA CS2K Switch	530 N. Neville Street Pittsburgh, PA 15213	<b>PITBPAOKPS0</b>

**This notice may also be viewed at**

<http://www.verizon.com/about/terms-conditions/network-disclosures>

PLEASE NOTE:

All references to the Glenshaw PA 5ESS switch are associated with CLLI code GLNSPAGLDS0 and will not be repeated throughout this notice.

All references to the Oakland PA CS2K switch are associated with CLLI code PITBPAOKPS0 and will not be repeated throughout this notice.

**Description of the Planned Network Change(s):**

The Verizon Glenshaw PA 5ESS switch, located at 1003 Charles Street, Glenshaw, PA15116, will be retired and removed from the network after all traffic served by this switch is migrated to the Verizon Oakland PA CS2K switch, located at 530 N. Neville Street, Pittsburgh, PA 15213. All traffic to be migrated includes, but is not limited to, Inter-LATA (ACCESS/FG-B-D/CLEC/IXC), wireless, and paging traffic.

**Description of Reasonably Foreseeable Impact(s) of the Planned Change(s):** Competitive local exchange carriers (CLECs), interexchange carriers (IXCs, IECs), wireless carriers, and paging carriers will need to secure new trunk groups built to the Oakland PA CS2K switch or have existing trunk groups to that switch augmented. Carriers that are code holders for access connectivity in the Glenshaw PA 5ESS switch will be required to reposition the codes to the Oakland PA CS2K switch.

All ASRs for the Oakland PA CS2K switch must be received no later than July 6, 2026, to provide sufficient time to migrate the traffic described above. These direct end office trunk (DEOT) interconnections will support traffic migration for the Glenshaw PA 5ESS switch prior to its eventual decommissioning. Local Exchange Routing Guide (LERG) change effective dates will be posted prior to decommissioning of the Glenshaw PA 5ESS switch (**on or after July 29, 2026**). This will serve to guide interconnect re-routes of traffic for the four (4) native codes currently served by the Glenshaw PA 5ESS switch to reflect the Oakland PA CS2K switch as the new home switch.
